Teaching of Graduate programmes

1998 to date, teaching on the following graduate programs:

1. Master of Medicine in :
 - i. Surgery,
 - ii. Orthopaedics,
 - iii. Obstetrics and gyneacology,
 - iv. Ear nose and throat, Psychiatry,
2. Master of Science in Human anatomy

3. Master of science in Medical Illustration

- Neuroanatomy
-
-
-
- Scholarly Interests

1.3 Research Funding

2001 Was a co investigator in a feasibility study on the effects of Decentralization on NGO Hospitals in Uganda by I@ mak. 5000us dollars

2001-2002 Participated in the Feasibility, Pilot and Implementation of [I@mak](#) project on continuing medical education for health care workers: Human capacity building to improve health service delivery at districts

2006 Principal Investigator in a research on Peer Tutoring as a tool for enhancing the teaching of Anatomy in a problem based learning settings, a grant by sida /SAREC programme; USD \$4,000=;

2008-to2011.; program coordinator of the sida/SAREC,medicine program.

2008 to 2011 ;CO-PI in the Carta MED clinical officers project ,with APHRC Nairobi,in the Bill Millinda Gates Grant. \$50000 us dollars.

Co PI, I@mak.com; Feasibility study on the effect of Decentralization on NGO Hospitals in Uganda; USD \$5,000=; 2001-2001.

CO PI, I@mak.com; Feasibility, pilot and implementation of project; Continuing Medical Education for Health Care Workers: Human Capacity Building to Improve Health Services Delivery in the Districts, Uganda; USD \$45,000=; 2001-2004.

CO PI, Sida SAREC; Coronary Arterial Patterns: A Ugandan Perspective, USD \$3,000=; 2009-2010.

2008 participated in the proposal planning ,and write up, for Thrive ,the welcome call. Which we the college eventually worn 5.6 million pounds .

**2008 chair person for the research task force in the Makerere-Johns Hopkins University(Mu-Jhu) Twining program , a grant by the Bill Millinda Gates ;
2009 Did the write up of the sida 3rd phase proposal for medicine program, which was successful , 43,000,000 million SEK,**

2010, PI on the project; Burden of Surgical Disease in Uganda – a Study on Unmet Surgical Need and Health Seeking Behavior With Particular Reference to Inguinal Hernia in Selected Districts in Eastern Uganda.50000us dollars

2008 to date, Ugandan CO-PI, on the NOMA, clinical medicine project,for east africa

2012; CO PI, Professionalism and informed consent among Uganda health professionals carrying out surgical operations in Ugandan hospitals, MEPI –MESAU Funded project. 12500usd

**2012 dec, Pi. Sustainable basic Biomedical science capacity building,
On going, 21500 NKrona**
